

INFORMED CONSENT FORM

Project: The Role of Museum's Social Media for Supporting Engagement with Arts and Culture

Name of Researcher: Cassandra Kist, PhD Candidate, Information Studies

Please check all to confirm your consent

- I confirm that I have read and understood the Participant Information Sheet for the above study and have had the opportunity to think about my decision and ask questions. The nature and purpose of this research project has been explained to me and I have been offered a copy of the participant Information Sheet to keep.
- I voluntarily agree to take part in this study.
- I understand that I can refuse consent to participate at any time without giving a reason, to withdraw any data previously supplied, and may decline to answer specific questions during the interview without giving a reason.
- I have been informed that my identity will not be revealed in any publication arising from this research, unless I (the participant) specify otherwise.
- I agree for the data collected by the researcher and/or produced by me during the research activities (hereafter called my data) to be used to inform the project's findings and publicity.
- I understand that the research data which underpins the thesis, will be retained for a period of time following the end of the research project (2021), adhering to the University of Glasgow's retention schedule

CONSENT TO THE USE OF DATA

I give consent for my data (including photos, audio records, video records and co-created materials) to be used in research, presentations, publications and other media and publicity arising from “The Role of Museum Social Media for Supporting Engagement with Arts and Culture”, both print and online, **under the following conditions of anonymity – please mark ONLY ONE as appropriate:**

I agree to be identified by my name when my data is circulated. I understand that I might be recognisable in photo, audio and video records, which will be used in project outputs such as reports, publications etc.

OR

I agree for my data to be used under condition of anonymity. I understand that my identity will be altered/obscured in photo, video and other visual and audio records. If you would like to choose your own pseudonym, please do so here: _____

Please select one of the following regarding re-use of data for future research:

I agree for my data to be published in a trusted open access data repository, under the condition of anonymity selected above.

OR

I do not consent for my data to be published in a trusted open access repository.

OR

I wish to be consulted again prior to the data being published in an open access repository
