 Right

I understand that Faizuddin Mohd Noor is collecting data in the form of sensor readings from the capacitive, accelerometer and galvanic skin resistance sensors for use in an academic research project at the University of Glasgow.

**I give my consent to the use of data for this purpose on the understanding that (please tick):**

- All names and other material likely to identify individuals will be anonymised.  
 The material will be treated as confidential and kept in secure storage at all times.  
 The material will be retained in secure storage for use in future academic research  
 The material may be used in future publications, both print and online.
