Question	1	2	3	4	5
I feel competent to write a paper for a scientific journal			✓		
I am comfortable discussing the ethical implications of scientific research			✓		
I feel competent to write an MSc thesis		✓			
I feel competent to plan a small scientific research project			✓		
I am comfortable discussing the concept of bias in scientific research			✓		
I feel competent to produce a poster for a scientific conference			✓		
I feel competent to write a risk assessment			✓		

Please write any additional comments you have on the module here:

In my opinion, the poster should be made after carrying out the project, that is, after the results and conclusions are known.

Interesting module and, although I still don't feel very competent to plan or write a scientific research, ~~too~~ it was very useful.
